

## WRITING TASK: A lion and a mouse

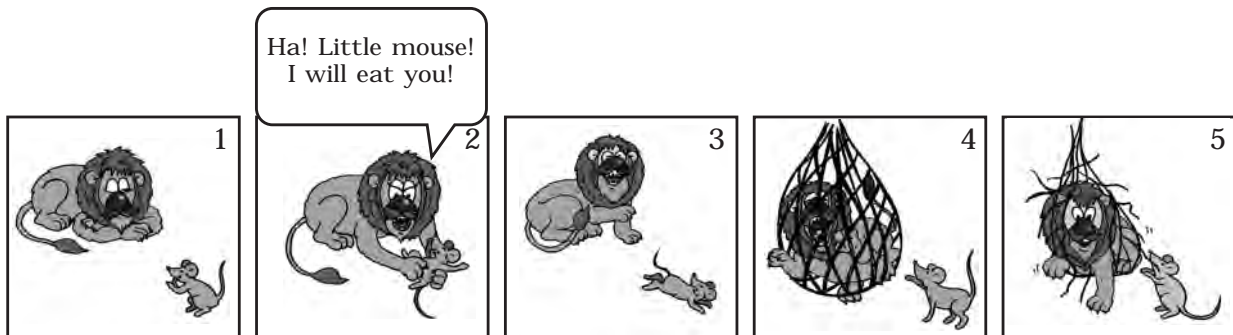

### Writing a fable (narrative)

You are going to write a story about a lion and a mouse.

1. Look at the keywords below. If you are not sure about the meanings, look them up in the dictionary.

fall asleep	run by	run away	catch	laugh
	eat	help	be trapped	wake up
scream	hear a scream	cut the net	get away	walk

2. Now look at the following pictures. Match the pictures with the verbs above. One picture may have more than one verb.

3. Write some captions using the pictures. For example, *"Ha! Little mouse! I will eat you!"* said the lion (look at picture 2).
4. Write 2 – 3 sentences for each picture. Use the keywords to help you.
5. Put your sentences together into a paragraph. Include the conversations you have written. You also have to include parts of a narrative below:
  - a. pictures 1-3: who the characters are, when and where it happened, what happened between the characters and why (*orientation*).
  - b. picture 4: what happened next (*complication*).
  - c. picture 5: how the story ended and what the moral of the story is (*reorientation*).
6. There is no right or wrong version of the story. You may write your own version in any way you like. Remember that the story has to have a moral value.
7. Cut out the pictures with the captions you have written. Paste them below or above your paragraph.
8. When your paragraph is complete, give it to your teacher to comment on.
9. Copy your work again, paying attention to your teacher's comments and suggestions.
10. Put both copies in your portfolio with your completed self-assessment form.
