Teens and technology

A. Getting ready

Look at the pictures. With a partner, make a list of the types of technology you can see in each picture and the places where it can be used.

B. Saudi teens & technology

I. Listen to a teacher describing what technology Saudi teens commonly use each day and where they use it. Number each picture in the order you hear them. There is ONE extra picture.

II. Listen again and choose the best answer.

- From the talk, we know that every day Saudi teens use ... of technology.
 - one type
 - all types
 - many types
- MBC 3 broadcasts ... programs in Arabic.
 - documentary
 - education and entertainment
 - interactive quiz
- What do Saudi teens enjoy doing with their mobile phones?
 - sending messages
 - listening to music
 - receiving phone calls
- Based on the talk, many Saudi teens often use the Internet for ...
 - learning languages
 - playing on-line games
 - communicating with friends

C. Technology survey

Copy the table below. Ask your friends in class about their favourite technology. Note down your friends' answers. Then work in groups and report the result of the survey.

TV	Mobile phone	Computer	iPod	PS	Others

E.g. Most students in our class chose mobile phones as their favourite technology.
Ten students chose computers and only one student chose the iPod.
Nobody chose Play Stations as their favourite.
